<b>PLANNING PERMISSION</b>
A&J buildings do not normally exceed 2.5m in height and, therefore, do not usually need planning permission. However, other restrictions may apply (e.g. outbuildings must not cover more than 50% of the land around the original house and wooden structures must not be less than 2m from the main house).
If in any doubt, we advise you to consult your local Council. Page 6 of 6
